

# BUGLOCK®

NON-WATERPROOF  
BED BUG BARRIER

**Product Type:**  
Non-Waterproof Bed Bug  
Barrier

**Product Technology:**  
Dynatex® Pique

**BugLock®** by **Freshotel®** offers your guests a healthy, hygienic and allergen free sleeping environment. Bed bugs travel in suitcases and only appear at night and can be controlled by using our patented **BugLock®** enclosure system that incorporates a sealed safety trench that is stitched around the typically vulnerable zipper clasp as well as micro-zipper teeth for an extra tight closure. **BugLock®** provides early detection, saving you both time and money by drastically reducing the amount of effort associated with addressing infested bedding.

The **BugLock® Freshotel®** range is offered in two different depths to achieve a perfect fit on your mattress and/or base. Once sealed, you have a the peace-of-mind that your investment is protected for the life span of your bedding.

with **BUG LOCK®**

Zipper system with unique **Secure Seal®**

\*BugLock® patent pending

Secure Seal® ensures zipper remains closed and tamper proof.

Dust mite proof flap provides total protection – prevents dust mite allergens entering or escaping through the zipper.
