

Holistic, height-adjustable solution rejuvenates  
wellbeing + productivity

TAILOR OFFICE DESIGNS WITH THE  
CUSTOMIZABLE FRONT PANEL

# MOVE TO REJUVENATE

Create office designs that inspire movement with JÜV™ Wall by Ergotron.

The non-electric, adjustable surface provides the full BIFMA ergonomic range—an industry first—for comfortable sitting or standing. Reclaim valuable space by flipping down the worksurface when not in use.

Users have access to power and charging at their fingertips without sacrificing aesthetics with the controlled and concealed cable management system. With no floor supports, it provides ample legroom and additional space for storage or accessories.

## WORKSURFACE

### 2 sizes:

100 cm x 61 cm x 2 cm
